IMMIGRATION FIGURES.

Unprecedented Immigration—Unparalleled Settlement of Public Lands—The Timber Culture Act—Kansas and Dakota Filling up.

From the New York Sun.
WASHINGTON, July 6.—The chief of bureau of statistics furnishes the following information, derived from official returns, regarding immigration: There arrived at the port of New York during the month of May, 1879, 21,576 passengers, 18,109 of whom were immigrants. During the corresponding period in 1878 the total number of passengers arrived at that port was 15,271, of whom 12,313 were immigrants. Of the total arrivals at the port during the month of May, 1879, there were from England 2,833; from Ireland, 3,142; from Germany, 4,429; from Sweden, 2,501; from Norway, 1,058; from all other countries, 445. The arrivals at the port of New York during the twelve months ended May 31, 1879, as compared with the corresponding period of 1878, were as follows:

IMMIGRANTS, 1879, 92,801;
1878, 71,091; citizens returned, 1879, 37,337; 1878, 25,365; seamen, 1879, 60,500; 1878, 50,000; total, 1879, 135,188; 1878, 101,448. Statistics in the land office show the emigration to the western country this season to have thus far been unprecedented. As many as 1200 entries of public lands were lately made in six days, which is said to be equivalent to the taking up of 102,000 acres of government land. Most of the land has been entered under the homestead law and

TIMBER CULTURE ACT.
This latter act was passed to promote the growth of timber on barren land, and its provisions are that the settler shall plant not less than 2700 trees on each acre, and at the time of making the final proof there shall be growing at least 675 trees to each acre. In this way much that has been comparatively waste land is rapidly being improved and settled. Although the entire west is getting the benefit of this movement of population, more land has been taken up in Kansas and Dakota than elsewhere. There has been large emigration to Minnesota this season. The statistics of the fiscal year ending, June, 1879, will show an emigration nearly four times as large as in the year 1876.

Crime in Texas.
From the St. Louis Globe-Democrat.
An official publication which is attested by State authority, bears the name of Wm. Steele, Adjutant General, and is a "list of fugitives from justice, compiled from official records received from the several counties" in Texas, and on file in that office. It thus appears that there are 4538 fugitives from Texas justice. Of this number 361 were guilty of murder and 889 had committed grand larceny. That peculiar industry which the law recognizes as horse-stealing, and which Judge Lynch, in other localities, often summarily punishes, is represented by 601 operators, and the fugitive cattle-stealers number 541. Hog-stealing also appears to have been extensively practiced, that branch being represented by 169 persons, who doubtless can worry down ham and eggs with neatness and dispatch. But by far the greater number of fugitives from Texas justice, as this official record discloses, were of a class of men whose offense is characterized as "attempted murder"—men who were expert in unloading the hip pocket, but somewhat deficient in precision of aim. They could shoot, and, as it appears, could also run and get away, but couldn't hit a vital spot, and were, therefore, forced to be content with merely crippling their man.

A Dream of Ingersoll's.
I have a dream that this world is growing better and better every day and every year; that there is more charity, more justice, more love every day. I have a dream that prisons will not always curse the earth; that the shadow of the gallows will not always fall upon the land; that the withered hand of want will not always be stretched out for charity; that finally wisdom will sit in the legislatures, justice in the courts, charity will occupy all the pulpits and that finally the world will be controlled by liberty and love, by charity and justice.

Virginia's Powder Magazine.
Enterprise.
The powder magazines at the north end of the town are to be removed to some point in the hills to the northward, outside of the city limits, as speedily as possible. A new site was being looked for yesterday. A petition to the board of aldermen, praying for the removal of the magazines, was yesterday in circulation among our people, and was being generally signed.

When to Bathe.
Avoid bathing within two hours after meals, is the advice of the Royal Humane Society of England, or when exhausted by fatigue or from any other cause, or when the body is cooling after perspiration, and avoid bathing altogether in the open air if, after being a short time in the water, there is a sense of chilliness, with numbness of the hands and feet, but bathe when the body is warm, provided no time is lost in getting into the water.

MISCELLANEOUS NEWS.

A note in the *Popular Science Monthly* says that borax used instead of salt will keep the natural fine flavor of butter for months.

The daily circulation of the most popular newspaper in the City of Mexico, with a population of over 200,000, does not exceed 2,000 copies.

Miss Emily Page Shamburg, the famous Philadelphia belle, is fairly dividing the honors with the lovely Isle of Wight lady, Mrs. Langtry, in London society at present.

If the brains of the Democratic party are in congress, the Philadelphia Press thinks its heels must be in the neighborhood of Okolena, Mississippi. As the little boy said of the mule: "It's very tame in front, but awfully wild behind."

Recent statistics show that there are now 10,883 wells producing oil in the state of Pennsylvania, and they pour out altogether about 50,000 barrels of oil daily. The product this spring has been 25 per cent. greater than last year, and about three times as great as the yield three years ago.

Cheap Coal Oil.
Crude petroleum went down to 63 cents a barrel, about the end of June, the lowest point ever reached at New York, and refined oil was worth only 7 1/2 cents a gallon. The average price of the crude product last year was \$1.37 a barrel; the highest price ever paid was \$20 a barrel, in 1860. The cause of the present depression is the enormous average yield of 54,000 barrels a day, against 50,000 in April, 48,000 in March, and 40,000 a year ago.

Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

THE WAY TO HELP DULL TIMES.

There are a few men who are working hard to bring outside capital into Reno, for the purpose of developing our mines. If either of several negotiations which are now under way should be successful, Reno would be the best town on this coast. Money would come here to develop the properties if they are sold, and make this a bullion producing district. If the prospects around here were located in Idaho, Arizona, or southeastern Nevada, where it takes a week to get in, they would sell for hundreds of thousands of dollars, but here they are too handy and too near the Comstock, which has the support of every stock broker on the coast. They are determined to monopolize capital if possible, and a great many people who live in outside towns are foolish enough to help them. The best way to do this is to decay home mines. There are experts here every day, trying to find out all they can about the district. They come from New York, Chicago, San Francisco, Virginia and other places. These men get a great deal of information from general rumors and public opinion, and if they happen to strike a chronic growler or sorehead, it is almost impossible to show them a mine which is good enough to overcome the bad impression. A great many book miners are sent out on such expeditions, and if they get an unfavorable prejudice they are likely to report unfavorably on a perfect bonanza. We would not like to tell a lie about a mine, nor advise other people to do it, but we would be careful to lie on the side which would bring in prospectors, if we ever did. There is no necessity, however, for any misrepresentation. Any one in Reno who has doubts as to Pyramid or Peavine, could, in a few hours, see for themselves, and be able to talk intelligently to any one who wanted their opinion. If we all pull together, and forget private piques and quarrels, we can break up the Comstock monopoly, and get some of the money to develop our mines.

MOCK JUSTICE.

A valuable horse was stolen in Paradise last week. The thief was captured with the horse in his possession, and was taken to Winnemucca for trial. The evidence was clear, there was no doubt of his guilt, and a justice of Winnemucca fined him forty-five dollars and let him go. For an offence which in Texas often costs a man his neck, a Nevada justice metes out a paltry fine. Horse stealing is everywhere regarded as one of the most odious kinds of theft; everywhere, save, apparently, in the office of this petty magistrate of Winnemucca.

In more than one magistrate's court in Nevada, there obtains a practice which is a travesty of justice. A justice has been known to say to a prisoner that if the latter choose to pay the fine rather than go to jail, the fine would be made light. In some cases, the colloquy between the prisoner and the officer of the law, has assumed the appearance of a bargain. Shameful as it is, it is true that such a practice is followed by more than one justice in Nevada. When an offender accepts the alternative of imprisonment, the court fees are paid by the county, and must not exceed ten dollars in any one case. But should the prisoner prefer to pay the fine, the fees of the court come out of the amount, and are often much more than ten dollars. Hence it is to the interest of a justice to collect a fine rather than to have an offender go to jail.

Vendality is nowhere more hateful than when robed in the garb of justice. Nothing more justly excites indignation than the spectacle of corruption on the bench. How despicably mean and base a thing it is for a magistrate to stoop from his bench to traffic with a thief. To balance in the scales of justice the weight of the offence with the left of the prisoner's coin! Honest men look to the courts for the redress of their wrongs, and for the punishment of criminals who put their lives and property in danger. If the courts are not pure, they must be cleansed.

KIDNAPING NOTES.

Charles, ex-publisher of the Eureka Republican, killed a man, was convicted of murder, and now lies in prison. His wife was left destitute and her child has died. Geo. R. Ammond, of Eureka, has been trying for her benefit to collect bills due the Republican. He could only get \$10. And now he writes a scathing letter to the Sentinel.

and to take the steam who take advantage of the law to rob a homeless, broken-hearted woman.

The St. Paul Press tries to make a lady appear at a disadvantage because, after a steamer explosion, she inquired first for the safety of her dog, and asked about her husband afterwards. Whether the lady is culpable or not depends entirely upon the respective merits of the husband and the dog. A good dog is better than a bad husband, just as a bad husband is better than none.

The Boise City Democrat says that Idaho is rapidly filling up. A paper that writes up the resources of a state as well as the Democrat greatly helps its development.

STATE NEWS IN BRIEF.

Austin Indians play "bones" with ox ribs.
 Amy Sherwin sings in Eureka on the 21st.
 Amy Sherwin had a crowded house in Virginia last night.
 The Austin boys have just organized a cricket club.
 Eureka spends more money for playing cards than for books.
 Young trout are now getting to be numerous in Willow lake near the Carson.
 Humboldt spent about \$3,000 for fire-proof vaults in the Winnemucca court house.
 Eureka's County Hospital Committee reports that institution and its inmates as lousy.

Tybo must have been short of whiskey on the Fourth. No Tyboers were drunk on that day.

Last Sunday evening the office of the Ormsby house at Carson was robbed of \$166 50. No arrests.

The Wolverine mine at Rattlesnake, near Tybo, is said to be looking well, but what wild names!

Joe Wells, well-known foundry man of Eureka, is going to open a foundry in Bodie, says the Sentinel.

Honeycomb gold weighing an ounce has been taken from between the fourth and fifth levels of the Raymond & Ely.

\$220 have been added to the Eureka county treasury by the imposition of the dog tax, it having been paid on 60 males and 8 females.

The trail of McCormick, the Silver Creek thief, has been lost. He went in the direction of Eureka. Why do all the thieves go to Eureka?

One of the owners of the Solid Silver mine near Winnemucca, indicted serious, if not fatal wounds upon a miner, in the attempt "to cut his heart out."

Lincoln county so dry that cattle are driven into Utah. Stock men and ranchers claim that if it does not soon rain, thousands of head of cattle will perish.

Faith, Hope and Charity. It requires all three to enable a man to keep his grip on religion when the flies grow familiar, and the sermon is three-quarters of an hour long, remarks the Eureka Leader.

Heretofore the diversity in time has been a source of no little annoyance to most people in Eureka, says the Sentinel. Hereafter Mr. Wilhelm, the jeweler, will keep the mean time, taken from astronomical observation.

The total indebtedness of Humboldt county at the present time is \$101,387 12, of which \$52,000 is bonded, the bonds drawing interest at ten per cent. per annum, and payable twenty years from the date of their issue in 1875.

Royal Ballard, an insane man, recently disappeared from Eureka. His body was found six miles from town, almost naked. He had died in a frenzy, and was lying face downward with the sand torn up all around him—the marks of his death struggles.

A croquet contest comes off this evening at Winnemucca. The Silver State announces that during the busy bees' reception of Mrs. Shepard, the Blue Bell and Silver Star croquet clubs will play a match game for a purse of \$25 and the championship of Nevada.

One armed man and a blacksmith had a row in Carson, in front of 5-cent beer saloon (accidental circumstance). The arm of the law embraced the combatants and gathered them into the sheriff's office. There, headless of the stern eye of the law, the one armed man again launched out his single fist and knocked the blacksmith off his legs.

"Pot game" at the Virginia Turners' picnic. Iron pot on grass. Lady blindfolded, led off twenty paces, turned round and round, then walked to where she thought pot was, and struck at it with big stick. Missed pot and knocked down faro dealer. Faro man got up, didn't know who struck him, and made lively deal among the crowd. Free fight. Seven men knocked down. Disturbance quelled by Gov. Kinkaid.

PACIFIC COAST ITEMS.

Sarah Winnemucca, the Pinte Queen, is teaching a school of sixty little Indians at Fort Simcoe, Washington Territory.

A new route from Lake Tahoe to Calaveras Big Trees has just been opened. The distance is sixty-seven miles, passing through a lovely and picturesque country, including Hermit and other valleys.

CONDENSED TELEGRAMS.

During the past week there were 117 deaths from yellow fever in Havana. The counsel of the black fiend who says he killed Mrs. Hull, charges the physicians with the deed.

A New Orleans telegram says that the Board of Health yesterday adopted a resolution rescinding the quarantine against Memphis.

According to the "Barlow Circular" there has been within the last three months a very great revival in the business of the country.

A severe thunder storm, accompanied by hail and wind, was reported from various parts of Canada last evening, doing great damage to buildings and crops.

During a furious storm of rain and wind at Yankton from 8 to 5 o'clock yesterday morning, over three inches of water fell. The cellars were flooded and bridges carried away.

The Omaha base ball nine left that city yesterday for San Francisco. They will play at Central City, Cheyenne, Laramie, Ogden and Salt Lake and then go on to the Coast.

A Memphis dispatch says: The city remains very quiet, and no new cases of fever are reported. In a few days the quarantine restrictions, now in force against the city, will be removed.

The steamer of Maderia from Vera Cruz and the Niagara from Cuba were ordered yesterday to discharge their cargo at quarantine, near New York. The health officer found a case of yellow fever on each vessel. Nine vessels were in quarantine last night, including two steamers from Havana, which arrived yesterday.

TRUCKEE ITEMS.

Prospecting is being actively carried on in the country northeast of Truckee. Scores of prospectors are scattered about Meadow Lake and Little Bear Valley. Good finds are reported from Osaville.

Deer tracks are reported in large numbers at the salt licks on Deer Creek, seven miles south of Truckee, says the Republican.

An excursion train will leave Truckee for Bowers' Mansion next Saturday. The Truckee people are going in force to the temperance picnic.

Grasshoppers, the Republican states, are invading the Truckee basin on the north at Sardine Valley, and on the south at Martin Valley. At the latter place Mr. Schaffer is turning his stock upon his valuable hay fields, in order that they may gain the greatest amount of good prior to the final devastation of the fields by insects.

The National Debt.

A memorandum of financial operations of the Government has been issued from the Treasury, showing that the reduction in the interest-bearing debt from the highest point from August 31, 1863, to July 1, 1879, amounted to \$658,886,594, and the reduction in the annual interest charge, when the present funding operations are completed August 1, 1879, will be \$67,203,519. The total debt has been reduced \$720,234,315. The reduction since March 1, 1877, is \$21,553,862.

MARRIED.

MIDDLEMAS-HOUSTON—By Rev. C. McKelvey, at his residence, Ida L. Houston to D. W. Middlemas, July 14, 1919.

JOTTINGS.

— Fresh paint at the theatre saloon.
— Wintermantel's hotel will be finished in about two weeks.
— Only five patients in the county hospital. Good climate.
— The justice court has not transacted any criminal business for several days.
— The planet Venus may still be seen during the day, shining high up in the western sky.
— E. B. Reed is raising the finest currants ever seen in Nevada. He calls them the cherry currant.
— Business is dull; stocks are down; the weather melting; and everybody's face wears a look of drowsy dissatisfaction.
— There was a lively scattering among the tramps this morning in consequence of the tarring of Rogers last night, and a number of them left town.
— A bay window and other improvements are being put in the Episcopal parsonage, by way of preparation for the return of Mr. and Mrs. Jenvey.
— Lassen and Plumas counties are wide awake on the fair business. A great many horse men are coming this year who never attended a Reno fair before.
— A wing of the platform at Chamberlain's hotel will be extended 80 feet 12 feet wide nearly to the junction of the two tracks. There is talk of a fountain on the open ground.

PERSONAL.

Mrs. I. T. Benham is quite sick, but better to-day.
Speaker Gaston, Hon. Owen Fraser and D. O. Mills, went below on the lightning last night.
Hon. W. W. Bishop, of Eureka, and Senator Stone, of Elko, were passengers on last night's east bound train.
Adolph Sutro came down from Virginia in a carriage last evening, to meet his daughter who arrived on the train from the East.
Mr. Benham, junior of the wicked Virginia Stage, is in town soliciting subscriptions for his paper, in the anticipation of grafting a Carson daisy to the Stage Plant.
Prof. Orvis Ring, principal of the Reno public school, left last night for San Francisco. He will probably take a trip down the California coast before he returns, which will be about the middle of August.

Local Mining Notes.

Ayers was not able to sell a right to use the Robinson reduction process to any parties about Reno. His negotiation with the Jones & Kincaid Co. is reported off.
W. D. Apin started off for Pyramid lake district this morning. He intends to resume work at the Crown Prince mine immediately, and raise some money out of the ore. No steps have yet been taken toward the erection of reduction works at the mine, but negotiations are still pending.

Truckee Meadows.

Truckee meadows are very pleasant to look upon just now. The farmers are busy mowing, and the newly mown hay greets the nose with a most pleasing odor. The tall grass falling before the mower, the ripening grain in the fields alongside, and the sparkling water bubbling along between the emerald banks of the irrigation ditches, form a beautiful picture, which is made all the more delightful by the hum of bees and the smell of fragrant clover.

New Building.

A new one-story frame building is rapidly going up on Centre street, behind the Palace Hotel. It was commenced about a fortnight ago and will be completed about August 1. It is owned by Wm. Hoffman, and will contain three stores.

Notice is hereby given, that all persons engaged in any business subject to County License, are required by law to procure said License in advance from the Sheriff of the County. Any violation of this law subjects the offender to a fine of \$100.
W. A. WALKER, Sheriff.

BAPTISM OF TAR!

The Tar Brigade Make Another Night Raid.

Tom Rogers the Victim—Taken Out of a Saloon by Masked Men and Tarr'd and Feathered—Ordered to Leave Town.

About half past ten o'clock last night some eight or ten men with their faces muffled entered White & Illidge's saloon, on Virginia street, and captured Thomas Rogers, who was sleeping on a table at the time. Rogers evidently knew what they wanted with him, and begged for mercy. His captors disregarded his entreaties, however, and dragged him out. Other parties attempted to ring in with the mob, but were abashed by an order to

STAND BACK!
delivered in a peremptory tone that admitted of no parleying. Rogers was taken down to the V. & T. bridge, the scene of Jones' tarring, where his masked tormentors plentifully besmeared him with tar and topped off the job with a bag of feathers. He was then released with the injunction to get out of town as quick as possible. He did not hurry out very fast; but on the contrary was here this morning. He was drunk and using very profane and threatening language about the usage he had received and those whom he supposed did it. A sorry looking object he appeared with the tar sticking all over his person and matted in his hair. He swore he would not leave town, and announced his determination to

AVENGE HIS INJURIES.
However, he changed his mind, and left on No. 8 for Truckee, the haven of all tar refugees. The vigilantes, some time ago, took a lot of men, among whom was Rogers, and gave each of them a whipping, supplemented with an order to leave Reno. After the whipping Rogers went to Truckee and made threats of coming back and getting even on the parties who whipped him. Several of the most prominent and respected citizens of Reno he mentioned as

FOOD FOR HIS VENGEANCE.
It is but fair to say that these threats were generally made when Rogers was drunk. Once before, since his castigation, he returned, but limited his stay to a few hours, probably being warned that a longer stay would be unhealthy. Yesterday found him in town again, drunk, talking of his grievances and making threats against his supposed persecutors. This resulted in the affair last night and the making of another episode in the history of Reno's tar bucket.

Died at the Hospital.
James Melville died at the hospital yesterday morning and was buried yesterday afternoon. He was an old settler of Nevada and an intimate associate, during his palmy days, of Sandy Bowers. He was very well known on the Comstock and other parts of the coast. There seems to have been great haste to get the poor old man buried. If the funeral had been postponed until to-day it would have been more appropriate.

A High old Time.
The picnic on Saturday will be a grand affair. The Good Templars' lodges all over the State have joined together and will give unusual accommodations and facilities for a good time. There will be prizes for games and racing. Music of a high order for dancing, and beautiful ladies and gay gentlemen from the Comstock, Eagle valley, Truckee and Reno. A fine time is predicted.

Installation of Officers.
The following officers elect of Reno Encampment No. 5, I. O. O. F., were installed Monday night by the M. W. Grand Patriarch, J. V. Peers, to serve the ensuing term: Donald McKay, C. P.; J. S. Gilson, H. P.; D. B. Boyd, S. W.; T. Barnett, J. W.; J. Fredrick, T.; J. S. Bowker, S.; L. Masson, I. S.; C. W. Jones, G.; F. C. Updike, 1st W.

The Flour Mill Co.'s Dam.
The mill dam is progressing favorably. It will be the strongest one on the river. It is 40 feet wide, of crib-work, bolted solidly together with 14 inch bolts and filled in with stone. It will be about 8 feet high, 250 feet long and will hold about 800 cubic yards of rock.

Another Cracksmen Caught.
Officer Jones and Richardson arrested a man named Dooley, last night, who is wanted for burglary in Virginia City. They had a printed description from Chief Allan of the criminal, which exactly fits Dooley. Chief Allan was notified of the capture by telegraph, and will be down this afternoon for the prisoner.

Shoes at New York Prices.
John Sunderland is receiving new goods which he sells at Eastern prices. Don't allow yourself to be imposed upon with inferior goods when you have the largest stock in the State to select from.

Scarlet Fever.
Mrs. Drannan has a child quite sick with scarlet fever. It is probably the only case in town. No new cases have been reported. The child was doing well at last accounts.

BY TELEGRAPH.

SPECIAL TO THE GAZETTE.

FAILURES DECREASING.

The Business Record—De Lesseps on the Inter-Oceanic Canal—The Heat in Toronto.

The Record of Failures.
New York, July 15.—Wm. Barlow & Co.'s circular gives the total failures in the United States and Territories for the second quarter of the present year at 1,534, with \$22,000,000 liabilities, which is much less than for any single quarter in the past five years. Compared with the second quarter of 1908, there is a decrease of 900 failures with \$26,000,000 liabilities.

The Darien Canal.
ROUEN, July 15.—De Lesseps in a speech recent declared that the friendship between France and the United States would facilitate the construction of the Darien canal. He believed the canal would be completed in five or six years. This is less than his former estimate of the time necessary for the construction of the work.

Sunstroke in Canada.
TORONTO, Ont., July 15.—Yesterday was the hottest day of the season. There were several cases of sunstroke.

IMPROVEMENTS IN RENO.

Residences Going Up and Substantial Progress Being Made.
There are few if any towns of its size on this coast doing the building which Reno is, even outside of the ground burned over last spring. Improvements of one kind or another are going on in every part of town. But the greatest growth has occurred south of the river on Mill street. When J. P. Grey began his house there was nothing between his place and the V. & T. R. R. track. Now there is an almost continuous village all the way for three quarters of a mile. S. A. Hamlin has just finished a

VERY PLEASANT RESIDENCE.
Mr. Upson has begun one for himself. Peury, Ed. Burr, De Louchaut, Alex West and others are building. Chas. Becker has a neat home, all fixed, even to the door plate. Mark Parish is filling up the lot on the Plaza in front of the court house, and will build at once. When the trees grow up and the great takes root there will not be a pleasant place in town to live. The soil is open and sandy and absorbs water so fast that it is never muddy. In other places substantial advances are being made. Mr. Dunning has steadily pushed his residence on Fifth street, and it is now one of the best proportioned and handsomest places in Reno. Dr. Dawson is adding a wide veranda to his house. When the Highland ditch gets in so that the seminary grounds and lots thereabouts can be improved, a grand transformation in the north side will be made.

The Pardoning Board.
The Pardoning Board has been in session at Carson this week. The Tribune thus reports the proceedings:

The Board, in their session last evening, denied the application for pardon of Jas. Gleason, sent from Lincoln county for 21 years for murder; also that of E. B. Parsons, sent from Washoe county for robbery in 1870 and sentenced to 20 years imprisonment, was denied. Parsons is one of the Verdi car robbers, and escaped in the escape of 1871. He was out of prison about five years, and was captured in San Francisco a little over a year ago and returned to the prison.

Wm. Madden, sent from Washoe county in May last for robbery, and sentenced to five years imprisonment, was pardoned by an almost unanimous vote. Sympathy for a good old mother and doubts as to the boy's guilt influenced the Board. Charles Guimbeau, sentenced to three years imprisonment from Lyon county for grand larceny, was pardoned, also Daniel B. Baker, one of the Elko car robbers.

Something New—The Organette.
One of the latest and most ingenious inventions in the musical line, is the organette. The compass of the instrument is one octave, and the music sounds very similar to that of an organ. The music for it is made of strips of heavy brown paper with numerous holes cut in them. The organette is very simple, requiring no skill or musical knowledge to operate, and any strain can be played upon it. Kohler & Chase, of San Francisco, are agents for the organette. Mr. Vann, their traveling agent, is in Reno for the purpose of introducing them.

Banner Brothers' Clothing Store.

The Banner Brothers have constantly coming and going on hand the latest styles of clothing of every variety. They are live men and mean business. They sell at the very lowest possible rates. Look at some of their prices:

Full Suits—Coat, Pants and Vest.....\$ 5.00
Men's Cassimere Suits.....\$ 7.50
Men's Diagonal Suits.....\$15.00
Black Dress Suits.....\$30.00
These suits are worth double the present prices. Banner Brothers have the finest stock to be found on this coast, embracing everything a man can get on his back together with all sorts of trunks and valises to put in. They have just received an immense stock of Spring and Summer goods. Call and see them. Corner of C and Taylor streets, Virginia, Nev. BANNER BROTHERS. Jan 19

Talk is Cheap.
And so are fine clothing, boots, shoes and gentlemen's and boys' fine-furnishing goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we do competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this state. Everything we have is new, well-made, and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices, and examine our stock before going into those humbugging, cheap John shops, in which they draw into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing, we make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of our specialties. Remember this place, the White House, No. 19 Commercial Row. Orders from the country promptly attended to. ASHBAUM BROS. & CO., White House, Reno.

The Truckee and Steamboat Canal.
Lung Chung & Company, the contractors who are building the 33 miles of the Truckee and Steamboat Ditch, have now finished 28 1/2 miles, leaving four and one-half miles to finish the contract. They are trying to get the money to pay off the bonds to resume the work. They will be at work again inside of the present week. The Truckee and Steamboat Ditch Company have not overpaid their paid what is due. If they had made their payments we would have had the canal finished long ago. The canal will cost the contractor about \$80,000. AN QUONE, Agent, Lung Chung Company, july14-1w

Fire Insurance.
Now is the time to insure. Hot days and windy weather are favorable to fires. The prudent business man will never be without the means of giving additional security to his business. L. S. Burdard is the agent for the following seven Board Insurance Companies: Home Mutual, of San Francisco; Phoenix, of Brooklyn, N. Y.; Commonwealth, of Boston; Standard, of New Zealand; Lycoming, of Pa.; Faneuil Hall, of Boston, and Scottish Commercial of Glasgow. He will promptly attend to all business entrusted to him, and respectfully solicits public patronage. july14-1m
